## August 2025

**We welcome Rev Debbie who was instituted, inducted and licensed at St Luke's on Wednesday, July 30<sup>th</sup> by Bishop Michael assisted by Archdeacon Megan and Rural Dean Nigel. Here she is with her family and friends after the service.**

**A big thank you to those who helped prepare the church and the service booklets for this special event and to all who provided cakes and served refreshments afterwards. It was a huge effort and good to see so many representatives from our three parishes helping out.**

### ***Thank you from Reverend Debbie***

*I would like to thank all of you who have made my move from Warrington to Endon so smooth and welcoming already.*

*Those of you who braved a poorly-lit vicarage to clean it the evening before the big move, did an amazing job and it was great to move into such a thoughtfully prepared house. Thank you! Since then, work has continued to make the Vicarage a welcoming place. The shower has been replaced, the internet has arrived, after several days of struggling with it my printer is now connected, and we have a cooker! With the help of The Decorating Ladies and my daughter Farah who's just finished university, we have been removing wallpaper and preparing the walls for the vicarage's next ministry phase. It's a gorgeous house and I feel blessed to be able to call it my home.*

## **NEW CHURCHWARDENS NEEDED...an urgent appeal from Roger!**

I believe that I have been a Churchwarden at St Luke's for nineteen years, and my body is not as reliable as it was. It would be good if one or two people would step forward to join Barrie and me in this role. To some extent the job is flexible, and your time and skills would fit into the changing needs of St Luke's. It would be good if the Rev. Debbie could rely on someone who is firing on more cylinders than I am.

To join the Wardens' team at this stage in the story of St Luke's means that you would be able to take a part in moulding the changes which will undoubtedly come in the rhythm of life here under the ministry of our new vicar. Have a word with either of us, please!

Members of our Flower & Craft Club spent a whole afternoon preparing these impressive floral displays for the licensing service. Well done folks!

Also arriving for the service was Neil Baldwin ("Nello" in the film *Marvellous* which told his life and employment as kit man by Lou Macari at Stoke City FC). He's in this photo in the wheelchair. No doubt the bishop was another friend of his!

### REDEFINING REST

Apparently, Summer = Rest and relaxation. Two things most of us need more of. As we enjoy the blue skies and sunshine (obviously alongside the very British moaning about the weather, “it’s a bit hot isn’t it!”) many people start thinking about holidays.

My experience is that holidays don’t necessarily equate to rest and/or relaxation! Whether it’s the anxiety of travelling, the cost, the kids (no we’re not nearly there yet!) or simply the fact that even on holiday there’s so much to do!

There is a wealth of information ‘out there’ that stresses the importance of rest and relaxation for our mental and physical wellbeing, and Jesus said we would find rest with him (Mt 11v28). But that’s not always the easiest. I believe that Jesus was quite a fan of wellbeing – he wanted us to be ourselves, not strive to be someone we’re not and he stressed the importance of resting.

I recently read an email that reminded me of the importance of looking after our own wellbeing and a specific line hit me “We are our own responsibility after all”. The article continued by suggesting that if we don’t look after our own wellbeing then our ability to truly embrace who we are, and to live that out, will reduce.

There is truth in this. Jesus commented that everything rests (excuse the pun!) on two things – Love the Lord your God and love your neighbour as yourself (Mt 22:37-39). If we focus on the last bit of that I believe it means that we need to be able to love ourselves – who we are – and to pay attention to how we look after ourselves; we need holistic rest (mental, physical, emotional, spiritual). Only then are we able to serve and love others.

Rest looks different for everyone, it’s not just about stopping and sitting quietly (although that can be good), to me it’s something that gives you chance to put aside work/life etc for a few minutes and focus on something that feeds your soul. This could be nature, exercise, art, coffee with friends, dancing, computer games etc etc.

For many of us the summer doesn’t automatically equal holiday, rest and relaxation. Life goes on; churches have summer fete’s and regular services need to function with various people on holiday; kids are off school and after two days are bored and searching for things to do – often whilst parents and carers are trying to juggle who has the kids whilst they try and juggle work! So yes, rest and relaxation can be a tall order to reach.

Jesus doesn’t ask us to be perfect though (phew!) - he simply nudges us to find small nuggets here and there where we can rest – in whatever way helps us.

## UNDER YOUR FEET

By August, areas of long, flowery grassland should have been cut (unless you have late flowering species such as scabious or betony present, in which case these areas can be left a little longer). With the cutting and raking of long grass there is often an opportunity to spy onto the world of small rodents such as mice, shrews and voles who may have made routes through the sward that are revealed by the cut.

Small rodents are short lived and highly reproductive, wood mice for example tend to live for about a year, during which time they may have up to six litters of between four and eight young. In a churchyard you may have several species of mice, shrews and voles, the most likely being wood mice, field vole and common shrew. Wood mice have large ears and eyes, useful for their largely nocturnal life whilst field voles have blunter noses and smaller ears and eyes, they can be active during the day and night. Shrews are distinctive with a long, pointed nose and tiny eyes. All of these animals need to feed frequently and are always on the move seeking food, with shrews eating 80 to 90% of their body weight each day. They feed on insects and other invertebrates but will also tackle quite large earthworms, far bigger than they are! Mice and voles seek out seeds, berries and fruits, some of which they may stash for later. Whilst mice can be agile climbers, voles tend to stick to the ground, following the trails they make through grassland that you can see after a cut.

Unfortunately for voles and mice, they are important prey items for a range of other species. Tawny owls, also often found in churchyards, hunt silently for small rodents as do kestrels, weasels, foxes and of course cats. If you are interested to find out more, look for owl pellets beneath a nest or roosting place, these are regurgitated bundles of the inedible parts of their food and often contain bones which can be teased out of the pellet and then identified, giving information on what they have been eating. Shrews by contrast are not such a staple food item, you may find a bitten and dead shrew lying on a path suggesting that it has been hunted but was not very tasty.

Churchyards and other burial grounds are havens for rodents, containing a mosaic of grassland, shrubs, woodland and lots of places to make burrows or use existing cracks, nooks and crannies. Free of herbicides and pesticides they are full of food, both invertebrates and plant material whilst areas of long meadow and tussocky coarse grass provide perfect cover. See if you can spot their burrows and runways and imagine their busy lives in the fast lane!

## FAREWELL and THANK YOU to Fr David Nicol...

We have been immensely grateful to Fr David during our interregnum. He has faithfully turned up at St Luke's to take our Communion services on the 3<sup>rd</sup> Sunday for much of that time accompanied by his wife. We pray the Lord's blessing on them both in what is supposed to be retirement! We hope they will visit us from time to time. (*Thank you Andrew and Sue for the photos when my mobile phone ran out of charge!*) **Ros**

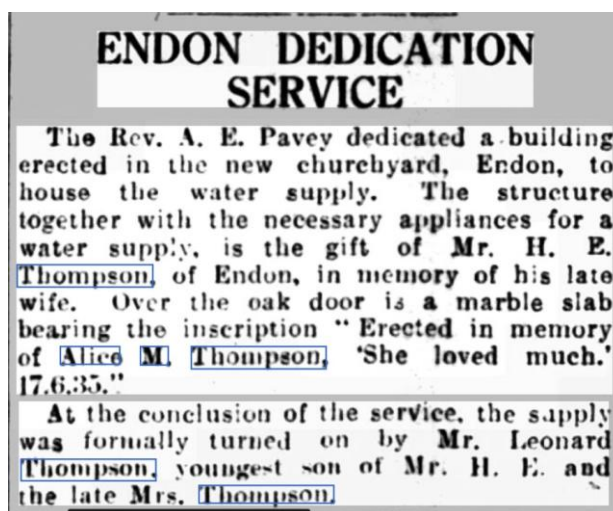

## ALICE M THOMPSON

*Last month I included a short piece about the small hut in the churchyard which houses a convenient tap for the use of visitors to the graves. In response to my request for further information about the lady in whose memory it was dedicated Vicky Degg decided to carry out some research and discovered the following...*

Alice Morley Skerrett was born in 1882 in Pool Dam, Newcastle-under-Lyme, the daughter of Leonard and Theresa Skerrett. She qualified as a schoolteacher, as did her brother Henry, and they both taught in Newcastle. In 1912 Alice married Herbert Edward Thompson at Higherland Methodist Church, Newcastle. At that time she would have had to give up her teaching post. The "Marriage Bar" against women teachers continuing in the profession after marriage wasn't actually completely lifted until 1944.

By 1921 Herbert and Alice and their two sons, Albert George and Leonard Skerrett were living in Hanley (aged 7 and 5 respectively). Her occupation is listed as "housewife".

They moved to Endon, probably around 1928. The 1932 Kelly's Directory lists Herbert Edward Thompson as "Grocer, off licence, filling station and garage proprietor" in Endon. Alice died on June 16th 1935 at the age of 53 and her husband dedicated the building and water supply which stands in the churchyard in her memory. The dedication ceremony took place in November of that year.
